

Sure looked pretty back then.

Councilman Ryu,

I think it is a lot to ask of residents to endure the chaos illegally created by your predecessor. Nearly every time I take my children to school or use the roadway, I encounter an "incident" with a Sign seeker. Just yesterday I had to wait 10 minutes to watch two seekers battle it out over a parking spot. The day before two cars full of seekers parked on a blind curve in a red zone. The area was overwhelmed with people. One ranger that was provided didn't even scratch the surface for controlling the chaos. The Rangers never help us with these daily "incidents." They are by the park and can't even get to the incidents .1 mile away due to jammed traffic. I don't think it is acceptable for residents to fear getting into an altercation every time they drive past the Vista.

Please provide as a short term solution a team of traffic cops in addition to the ranger stationed at strategic positions to manage the chaos. On weekends, at least 4 officers are needed if not more. YES, it's time for the City to share in this.

The situation is out of control.

Best,

Lestei
